

Players return with a winner

THE Chideock Players made a welcome and well-supported return last weekend, after several years' absence from local amateur dramatic circles.

They staged the comedy by Ronald Millar called "The More the Merrier" in the village hall on Friday and Saturday evenings.

The play depicted the hilarious efforts of a teenage daughter to manage her mother's love life.

DAUGHTER

The production gave an overall impression of excellent attention to detail in the general presentation, both on stage and behind the scenes.

Congratulations must go to the principal actresses — Maxine Beal as the mother and Lisa Huxter as the daughter — for excellent performances.

PRODUCTION

Interesting typecasting for the supporting roles provided much amusement because most of the audience knew the players personally.

Mrs Trixie Higham did a worthy job on production and the village is already encouraging her to stage another production.

After the Saturday show, bouquets were presented to the producer and principal actresses. Flowers went to the other ladies.
